

## Creating my Green Project

### Name of project

Trash 2 Treasure

### Kind of the project or Business Idea

This can be a KA152 (Youth Exchange), KA153 (Training course like this one)  
KA154, KA210 or a KA220 project

KA152

### Main Aim of the project

What will be your main Aim? Why you want to implement this project? Describe the primary Main Aim and the creative aspect of your project

Main Aim is to raise awareness about waste management and recycling of the clothes, teach the participants on how to fix and repair clothes and Additional aim is popularising sustainable art approach. (sustainable fashion)

### Small Description of the Project

In simple terms, describe what will you do with your project and how you will do it

- Raise awareness  
- teach how to fix clothes  
- popularise sustainable art and fashion } through workshops

### Describe the management aspect of the project

Who is going to organize, what are the responsibilities of each responsible party?

Municipalities will lead the project and implement the activities with the participants

Responsibilities: Municipality - provide the clothes  
- manage finance etc.  
- organise workshops

Participants - take part in all of the activities of the project

**What is the goal or objective of your project/business idea?**

If it's a KA220 project, what will be your final product?

Knowledge of the participants - increased  
Certain number of the clothes - repaired  
Fashion show - organised

**Partnership of the Project**

If it's a KA152, KA153, KA154, KA210 or KA220 then

- 1 Which organizations are going to take part?
- 2 How many people per organization will be involved?
- 3 What will each organization do? i.e what do they excel at, so they can contribute the most?
- 4 What will be the responsibilities of each organization?
- 5 Who will be the central organization? Why?

**If it's a business idea**

What will be the roles of each person in your business? How many people do you need to run the business?

With what other business, organizations will you be involved in?

Where will you receive funding from? (Think locally such as municipalities or other forms of funding!)

How will you be able to grow your organization?

1. Municipalities
2. 5x 10 people (5 Municipalities involved)
3. TBA
4. Choosing participants, providing clothes for repairation, managing the project
5. One of the municipalities - the one that will host the FE

## Strengths, Weaknesses, Opportunities, Threats

Name of project: *TRASH 2 TREASURE*  
Type of project: *KA152*
